Subject: Testimony AGAINST Tolling Legislation from Todd Kwapien, a New Milford resident

Dear Mr. Ferguson,

I saw a post on Social Media requesting written testimony about the upcoming tolling legislation. My name is Todd Kwapien, I live in New Milford and work in Danbury. I am totally against bringing tolls back to Connecticut highways. I believe that we as Ct. residents already pay more than our fair share of taxes and fees to reside in this state. The State government MUST find an alternate way to balance their budget without penalizing the residents of the state. I believe Nancy Reagan said it best ...
"JUST SAY NO"

Kind Regards,

Todd Kwapien
