I wish to register my disagreement with the proposed house and senate bills to institute tolls on Connecticut highways.

As a resident of Danbury, should tolls be located at the CT- NY border it would present an unfair burden on residents who live along the Connecticut border.

Also, cars and trucks who come into Connecticut would look to exit onto local roads in an effort to avoid the tolls station.

Tolls would have the effect of increasing traffic congestion along the border.

The Connecticut legislature should look to get their financial house in order rather than look for additional ways to take money from Connecticut residents.

I am very much against adding tolls to the Connecticut highways.

Respectfully,
