Subject: Vote No to CT Tolls

It is imperative to vote no to Bill 560, Bill 751, and Bill 6058, as we the CT taxpayers are taxed enough!!! I am living paycheck to paycheck and as part of the so called "middle class," I am paying more than my fair share of taxes. Just because government spending has skyrocketed, doesn't mean the burden should fall on the taxpayer to fix the roadways by implementing a toll tax. This is so unfair and I simply cannot afford to continue to live in CT if a toll tax is implemented. When are our legislators going to vote to "cut back" on wasteful spending and use that money to fund the roadway/infrastructure improvements, instead of placing another burden on the taxpayers backs. We simply CANNOT AFFORD IT!!! Please let our voice be heard!
