Subject: No to Tolls

Dear CT leaders,

Tolls will not solve our deficit problems. The income tax did not solve our problems. The problem is that we spend more when we get more, instead of having a mentality of saving for a rainy day and, gasp, having a surplus. This is what responsible people do. CT instituted the income tax which was going to solve our deficit and now our debt per capita is near \$70,000! This is so unacceptable. Getting out is going to hurt, but it must be done through spending reductions.

Sincerely,
Suzanne and David Pfisterer
