

Dear Sir,

As a resident of Greenwich, CT I want to voice my opposition to tolls on I-95 or the Merrit Parkway. The congestion on the local Route 1 is already bad most of the day, especially during 2 hours around rush hour. If toll roads were put on the border of CT, traffic on our local roads will increase as trucks and cars got off I-95 in Port Chester, NY (also very congested), and cut through Greenwich and Stamford to avoid the tolls.

Just one more reason for citizens of CT and Fairfield County to move out of the state.

Please don't do it!! No tolls! I don't know anyone that is in favor of this idea!!
