Subject: CT Tolls

I am a resident of Danbury, Connecticut and am very troubled by placing Tolls on our roadways. Please consider this problem as a decision is made:

If you place a Toll coming from I684 to 84 as you enter into Danbury, there are many roads off of both those Interstates that commuters can divert to in order to avoid the Tolls, that would cause so much congestion on those roads leading into Danbury.

eg. I684 to Exit 8 North Salem through back roads (which many of us know of) in to Danbury ... OR

Continue on I684 to the Brewster Exit which leads on to Danbury Rd. parallel to I84 in to Danbury. This road is already congested on many evenings.

Please take this into consideration when deciding whether or not to place Tolls on this road. I am not in favor of this move.

Thank you,
Ellen Vecchiarello
