**Subject:** Tolls

Hello,

I am writing to express my opposition to tolls on Connecticut's highways. My small town borders New York and is close to NY's Route 22. We already have too much rush hour traffic cutting through our tiny town center between Danbury and New York. Placing tolls on 84 would only exacerbate the issue in our town and others by forcing commuters off the highway and on to side roads. Please consider the impact on border towns.

Respectfully,  
Gregory Weiss
