(O) Dyed diesel fuel, as defined in subsection (d) of section 12-487, sold to the owner or operator of marine fuel docks exclusively for marine purposes, provided (i) such fuel is delivered, upon such sale, to

Senate Bill No. 543

a tank in which fuel is kept exclusively for marine purposes, and (ii) a statement, prescribed as to form by the Commissioner of Revenue Services and bearing notice to the effect that false statements made under this section are punishable, that such fuel is used exclusively for marine purposes, is submitted by such person to the distributor.

(4) Each distributor, when making a taxable sale, shall furnish to the purchaser an invoice showing the quantities of fuel sold, the classification thereof under the provisions of this chapter and the amount of tax to be paid by the distributor for the account of the purchaser or consumer.

(5) If any distributor fails to pay the amount of tax reported to be due on its report within the time specified under the provisions of this section, there shall be imposed a penalty equal to ten per cent of such amount due and unpaid, or fifty dollars, whichever is greater. The tax shall bear interest at the rate of one per cent per month or fraction thereof from the due date of the tax until the date of payment.

(6) If no return has been filed within three months after the time specified under the provisions of this chapter, the commissioner may make such return at any time thereafter, according to the best information obtainable and the form prescribed. There shall be added to the tax imposed upon the basis of such return an amount equal to ten per cent of such tax, or fifty dollars, whichever is greater. The tax shall bear interest at the rate of one per cent per month or fraction thereof from the due date of such tax to the date of payment.

(7) Subject to the provisions of section 12-3a, the commissioner may waive all or part of the penalties provided under this chapter when it is proven to his satisfaction that the failure to pay any tax was due to reasonable cause and was not intentional or due to neglect.

(8) A distributor who is exclusively making sales of fuel on which

Senate Bill No. 543

the tax imposed by this chapter is not payable may be permitted, as specified in regulations adopted in accordance with the provisions of chapter 54, to file reports less frequently than monthly but not less frequently than annually if the commissioner determines that enforcement of this section would not be adversely affected by less frequent filings. Distributors permitted to file such reports shall maintain records that shall detail (A) the persons from whom the fuel was purchased, (B) the persons to whom, the quantities in which and the dates on which such fuel was sold, and (C) any other information deemed necessary by the commissioner.

(b) The commissioner shall, within three years after the due date for the filing of a return or, in the case of a completed return filed after such due date, within three years after the date of which such return was received by him, examine it and, in case any error is disclosed by such examination, shall, within thirty days after such disclosure, notify the taxpayer thereof. When it appears that any part of the deficiency for which a deficiency assessment is made is due to negligence or intentional disregard of the provisions of this chapter or regulations promulgated thereunder, there shall be imposed a penalty equal to ten per cent of the amount of such deficiency assessment, or fifty dollars, whichever is greater. When it appears that any part of the deficiency for which a deficiency assessment is made is due to fraud or intent to evade the provisions of this chapter or regulations promulgated thereunder, there shall be imposed a penalty equal to twenty-five per cent of the amount of such deficiency assessment. No taxpayer shall be subject to more than one penalty under this subsection in relation to the same tax period. Within thirty days of the mailing of such notice, the taxpayer shall pay to the commissioner, in cash or by check, draft or money order drawn to the order of the Commissioner of Revenue Services, any additional amount of tax shown to be due by the corrected return or shall be paid by the State Treasurer, upon order of the Comptroller, any amount shown to be due such taxpayer by such

Senate Bill No. 543

corrected return. The failure of such taxpayer to receive any notice required by this section shall not relieve such taxpayer of the obligation to pay the tax or any interest or penalties thereon. When, before the expiration of the time prescribed in this section for the examination of the return or the assessment of said tax, both the commissioner and such taxpayer have consented in writing to such examination or assessment after such time, the return may be examined and said tax may be assessed at any time prior to the expiration of the period agreed upon. The period so agreed upon may be extended by subsequent agreements in writing made before the expiration of the period previously agreed upon. The commissioner may also in such a case waive the statute of limitations against a claim for refund by such taxpayer. To any taxes [which] that are assessed under this subsection, there shall be added interest at the rate of one per cent per month or fraction thereof from the date when the original tax became due and payable.

(c) Any person who owns or operates a vehicle [which] that runs only upon rails or tracks [which] that is properly registered with the federal government, in accordance with the provisions of Section 4222 of the Internal Revenue Code of 1986, or any subsequent corresponding internal revenue code of the United States, as amended from time to time, [amended,] shall be exempt from paying to a distributor the motor fuels tax imposed pursuant to this section for use in such vehicle.

Sec. 65. (NEW) (*Effective July 1, 2018*) (a) The Commissioner of Revenue Services may license the owner or operator of marine fuel docks to purchase dyed diesel fuel, as defined in subsection (d) of section 12-487 of the general statutes, that is exempt under subparagraph (O) of subdivision (3) of subsection (a) of section 12-458 of the general statutes, from distributors and to sell such nontaxable fuel, provided such owner or operator can properly control such sale,

Senate Bill No. 543

through meters or pumps or other dispensing devices, directly into the fuel tank of any vessel or vessel motor. Such owner or operator shall keep and maintain proper accounting records of all purchases from the distributor and sales invoices to the purchaser, showing the signature of the purchaser and the vessel registration number of the vessel serviced, and the inventory on hand on the first day of each month. Such records shall be preserved for a period of at least three years and shall be audited by the commissioner at regular intervals. Any discrepancies found to exist for which a satisfactory explanation cannot be submitted shall be subject to the tax imposed by section 12-458 of the general statutes, against such owner or operator. The license to sell dyed diesel fuel under this section may be revoked if the licensee fails to properly control and safeguard the state from any diversion to uses other than for marine purposes.

(b) Each distributor of dyed diesel fuel shall, on or before the twenty-fifth of each month, render a report to the commissioner. Such report shall state the number of gallons of dyed diesel fuel sold or used by such distributor during the preceding calendar month, on forms to be furnished by the commissioner, and shall contain such additional information as the commissioner prescribes.
