Honorable Members of Education Committee,

My name is Hui Li, resident of Connecticut. I am writing to testify in regard of bill No. SB359 “Prohibiting the Disaggregation of Student Data by Ethnic or Racial Subgroups in the Public School Information System”.

I support the original concept of “prohibiting educational institutions or other state agencies from mandatory collection and separation of data from students by subpopulations of national origin or ethnicity. I believe the entire population shall not be subject to registry of ancestry immigration nation of origin or ethnicity origin. I hope our children “live in a nation where they will not be judged by the color of their skin but by the content of their character”.

Please modify the bill language as to “No population of students shall be subject to data collection of ancestry nation of origin and ethnicity origin”. Please vote for bill SB359.

Thank you!

Sincerely,

Hui Li
