Honorable Members of Education Committee:

My name is Boyang Liu, I work for UTC, Pratt & Whitney and live in Avon, CT. I am writing to testify in regard of bill No. SB359 “Prohibiting the Disaggregation of Student Data by Ethnic or Racial Subgroups in the Public School Information System”.

I support the original concept of “prohibiting educational institutions or other state agencies from mandatory collection and separation of data from students by subpopulations of national origin or ethnicity”. However, we are very concerned in regard of this portion of the current bill language “unless collected uniformly across the entire population of students”. I believe the entire population shall not be subject to registry of ancestry immigration nation or origin.

I am supporting the original concept because everybody should be truly treated fairly and equally. Please modify the bill language as to “No population of students shall be subject to data collection of ancestry nation of origin and ethnicity origin”. Please vote for bill SB359.

Sincerely yours,

Boyang Liu
