Dear Honorable Members of Education Committee:

My name is Yue-Zhong Shu, a naturalized US citizen. I have lived in the state of Connecticut since 1991 and am currently a resident in the Town of Madison, CT.

I am writing to testify with regard to Bill No. SB359 “Prohibiting the Disaggregation of Student Data by Ethnic or Racial Subgroups in the Public School Information System”.

I support the original concept of “prohibiting educational institutions or other state agencies from mandatory collection and separation of data from students by subpopulations of national origin or ethnicity”, because one of the fundamental American values is that everyone is protected from race and color discrimination, Whites, Blacks, Asians, Latinos, Arabs, American Indians, Alaska Natives, Native Hawaiians, Pacific Islanders, persons of more than one race, and all other persons, whatever their race, color, or ethnicity.

However, I am very concerned in regard of this portion of the current bill language “unless … collected uniformly across the entire population of students”. I believe the entire population shall not be subject to registry of ancestry immigration nation of origin or ethnicity origin.

Please modify the bill language as to “No population of students shall be subject to data collection of ancestry nation of origin and ethnicity origin”. Please vote for bill SB359.

Thank you for your attention.
