Honorable Members of Education Committee:

My name is Dan Su, from Darien, CT. I am writing to testify in regard of bill No. SB359 “Prohibiting the Disaggregation of Student Data by Ethnic or Racial Subgroups in the Public School Information System”.

I support the original concept of “prohibiting educational institutions or other state agencies from mandatory collection and separation of data from students by subpopulations of national origin or ethnicity”. However, I am very concerned in regard of this portion of the current bill language “unless ... collected uniformly across the entire population of students”. I believe the entire population shall not be subject to registry of ancestry immigration nation of origin or ethnicity origin.

I am supporting the original concept because all of my kids are born and grown up in United States and they should not be treated differently than any other kids because of where their grandparents were born.

Please modify the bill language as to “No population of students shall be subject to data collection of ancestry nation of origin and ethnicity origin”. Please vote for bill SB359.

Sincerely,

Dan Su
