Dear Honorable Members of Education Committee,

My name is Yashan Zhang, a resident in Farmington and a mother of a 6 year old girl. I am writing to testify in regard of bill No. SB00359 “Prohibiting the Disaggregation of Student Data by Ethnic or Racial Subgroups in the Public School Information System”.

I support the original concept of “prohibiting educational institutions or other state agencies from mandatory collection and separation of data from students by subpopulations of national origin or ethnicity”. However, I am very concerned in regard of this portion of the current bill language “unless … collected uniformly across the entire population of students”. I believe the entire population shall not be subject to registry of ancestry immigration nation of origin or ethnicity origin.

I am supporting the original concept because all men are created equal. My daughter was born and raised and schooled here. She is American. No kids should be categorized by their ancestors’ origin.

Please modify the bill language as to “No population of students shall be subject to data collection of ancestry nation of origin and ethnicity origin”. Please vote YES for Bill No. SB00359.

Sincerely yours,

Yashan Zhang
