

To my legislators and environmental committee,

I am writing you to support **BANNING FRACKING WASTE FROM ALL OF OUR STATE OF CT** and in particular my home area of northern Fairfield County.

I reside in Sherman for nearly 40 years.

We do not want any fracking waste from any source, be it Cricket Valley, CPV, or any other fracking gas power plant. **WE WANT TO MOVE TO 100% RENEWABLES** and stay the course.

With thanks,

Phillip and Linda Yannone
Sherman, CT
