### ***State Impact:***

Agency Affected	Fund-Effect	FY 19 \$	FY 20 \$
Social Services, Dept.	GF - Cost	See Below	See Below

Note: GF=General Fund

***Municipal Impact:*** None

### ***Explanation***

The bill will result in a cost to the Department of Social Services (DSS) associated disregarding all federal non-service-connected pension benefits for veterans or their surviving spouses for purposes of determining income eligibility. By reducing the income that is currently counted towards income limits, the bill increases the number of individuals who could be eligible under the following DSS programs: Medicaid, the Medicare Savings Program, State Supplement (Aid to the Aged, Blind and Disabled), State Administered General Assistance, Connecticut Home Care Program for Elders, and fuel and weatherization assistance.

For context, there were 185,000 veterans in Connecticut on 9/30/17. The number of veterans participating in the assistance programs specified by the bill is unknown. The impact of the bill is dependent on (1) the number of veterans participating in each DSS program, (2) the benefit amount being disregarded, and (3) the income limits of the program.
