

To the members of the Government Administration and Elections Committee,

I am writing in support of #HB5173. I do not want the month and date of my birth to be available publicly. I am deeply concerned about identity theft and would appreciate your support of this protection. I also appreciate the ability to opt out of having my personal information being released from the voter file. Thank you for making my information more secure!

Thank you for the work that you do!

All best, Carol Rizzolo
