

To whom it may concern,

I am writing to express my firm belief that the time has come for all of our United States to join together and declare that in the future all of our Presidents be elected by popular vote. It is time to retire the Electoral College.

It is the votes of the people who should decide the results of our Presidential elections. Our votes need to count and not be overridden by a group of people who are not required to follow the votes of the people.

I believe more people would vote if they felt their vote really counted.

Thank you

Clare Balkus
