

## **Testimony HB 5421**

I am submitting testimony in support of HB 5421.

I want to have the president elected the same way you are: every vote matters and the candidate with the most votes wins.

I urge you to support J.B. 5421, the proposal to elect the President by the national popular vote in all 50 states. That way CT voters would matter.

Will you vote for J.B. 5421, the National Popular Vote Compact that awards the presidency to the candidate who receives the most votes nationwide? The Compact would make one person, one vote a reality.

I believe in a democracy every vote should matter equally and the president should be the candidate who gets the most votes.

Please, I urge you to vote for and pass this most important HB 5421 bill. Our nation is now in a mess, with an incompetent President, who never should have been elected. The people of this nation, and only the people, should be allowed to elect our President.

Sincerely,
