

To my State Legislature,

I am writing to you in support of HB 5421. It escapes me as to why all of our legislators are not supporting this important issue. For me, the bottom line is every person in the U.S. should have an equal say as to who should be our president. I hope this will be viewed as a non-partisan piece of legislation that allows CT residents their fair voice.

Thank you for your consideration,

Gina Gladstein
Old Greenwich
