

TESTIMONY FOR HB 5421

I want every vote to matter in a presidential election. Electing the president by popular vote has majority support of CT voters across party lines.

I urge you to support H.B.5421, the proposal to elect the President by the national popular vote in all 50 states.

I'm tired of hearing that battleground states are the only ones that matter in presidential elections. With H.B. 5421, the National Popular Vote Compact, our votes here in CT would matter the same as votes in OH, FL and PA.

The National Popular Vote is constitutional.

Will you vote yes for H.B. 5421, the National Popular Vote Compact that awards the presidency to the candidate who receives the most votes nationwide? The Compact would make one person, one vote a reality.

I believe in a democracy every vote should matter equally and the president should be the candidate who gets the most votes.

Sincerely,

Ketti Marks
