

I'm writing to let you know I support the National Popular Vote Compact. I believe in democracy and that everyone's vote should count regardless if you live in a battle state or not.

It really makes me upset when i speak to younger generations to tell them to go out and vote and they say their vote doesn't matter because they live in a blue state. No one should feel their vote and voice doesn't matter especially when it comes to a presidential election. The Compact would make one person, one vote a reality.

I hope that you agree and want to represent our constituents and do the right thing. Please do not create a generation of apathy among young voters because they feel their voice isn't important. That their vote doesn't count and that shouldn't be the case. We all count!

Best,
Shadyra Santiana
