

I am submitting testimony in support of HB 5421.

Dear Senators and Representatives and members of the GAE Committee,

I support HB 5421 to have our state join the National Popular Vote Interstate Compact to make everyone's vote matter.

As a resident of Cheshire, CT, I know I am joined with others in this town who feel strongly that CT's vote should count just as much as Wisconsin or Pennsylvania, etc.

Please hear our voices.

One person, one vote.

Regards,
