Subject: Regarding Connecticut brewery direct purchase limitations

To Whom It May Concern:

As a resident of Connecticut, I would like to be able to purchase beer directly from a brewery without limitations. The current 9 Liter daily limit not only limits my ability to spend money where I choose and support of local businesses. In order to purchase a keg of beer, I have to pay both a wholesale and retail markup. Please remove this limit and allow me to purchase beer where I choose.

Sincerely,
Matthew Jordan
