Subject: In Support of House Bill 5036

I write to express my support for House Bill 5036, which would remove limits on how much beer a brewery can sell directly to customers. These restrictions are un-American, unconstitutional, and fundamentally unfair. I regularly support several breweries in the Southeast Connecticut region, including Beer'd Brewery in Stonington, These Guys and Epicure Breweries in Norwich, Barley Head in Mystic in Mystic, and Outer Light in Groton. All of these businesses are excellent recent additions to their respective communities, and all of them would like to be able to sell more beer directly to their faithful customers, but can't because of these restrictions. Please remove these restrictions and let these businesses and new breweries thrive here in Connecticut. I understand Massachusetts has no such restrictions. Let's emulate our sister state to the north and show our support for local Connecticut businesses.

Thank you,
James R. Nault, Esq.
