

To whom it may concern,

I am the co-owner of Brewery Legitimus founded in 2016. We are a 7 bbl brewery located in New Hartford, CT.

I am writing today to express my support of House Bill 5036 particularly in respect to removing the 9 liter limit on sales of beer for off premise consumption. Removal of this limit is essential to allow small breweries to compete with other establishments that sell beer for off premise consumption without any quantity limits at all. It also allows those local independent breweries that are close to the border of MA (like ours) to compete with MA breweries that are operating without off premise limits.

Respectfully submitted,

--
