Subject: SB 487

Hi,

My name is Ricky Evans and I am in support of SB 487. I believe that if cannabis was regulated and taxed just like the alcohol industry and allows the state to bring in additional revenue then the question should be why not approve SB 487?

I am a business owner based in New Haven. I've been in business for 5 years. I have a BS in Business Management from Virginia State University. I pay taxes and I consume cannabis.

Thanks for taking the time to consider my testimony
