CORRECTION

To Fiscal Note on LCO No. 4009
sSB-303, File No. 468

AN ACT CONCERNING OUTPATIENT CLINICS, URGENT CARE
CENTERS AND FREESTANDING EMERGENCY DEPARTMENTS.

The amendment: (1) removes the original bill's potential cost to UConn Health Center due to the signage requirements in Section 2, as in the amendment's fiscal note, and (2) results in no revenue loss to the UConn Health Center associated with the facility fees clarifications in Section 1. UConn Health has provided additional information indicating no facility fee is currently charged for evaluation/management services at its off-site, hospital-based urgent care centers, and therefore revenues will be unaffected by the clarifications in Section 1.
