159 prescription drug caused the premium of the health benefit plan to  
160 increase by at least one dollar per member, per month.

161 (2) If the commissioner determines, pursuant to subdivision (1) of  
162 this subsection, that the increase in the cost of the prescription drug  
163 caused the premium of the health benefit plan to increase by at least  
164 one dollar per member, per month, the commissioner shall (A) certify  
165 such determination, and (B) issue written notice of such determination,  
166 in a form and manner prescribed by the commissioner, to the health  
167 carrier and the pharmaceutical manufacturer.

168 (e) If the wholesale acquisition cost of a prescription drug increases  
169 by at least twenty-five per cent during the immediately preceding

176 available, and (2) a written, narrative description, suitable for public  
177 release, of all factors that contributed to the increase in the cost of such  
178 drug.

179 (f) The quality and types of information and data that a  
180 pharmaceutical manufacturer submits to the Insurance Commissioner  
181 pursuant to this section shall be consistent with the quality and types  
182 of information and data that the pharmaceutical manufacturer  
183 includes in (1) such pharmaceutical manufacturer's annual

185 K, or (2) any other public disclosure.

186 (g) The Insurance Commissioner shall consult with pharmaceutical  
187 manufacturers to establish a single standardized form for reporting  
188 information and data pursuant to this section. The form shall minimize  
189 the administrative burden and cost imposed by this section on the state  
190 and pharmaceutical manufacturers.

191 (h) Except as otherwise provided in subsection (e) of this section,  
192 information and data submitted to the Insurance Commissioner  
193 pursuant to this section shall not be available for public inspection, and  
194 the commissioner shall withhold such information and data from  
195 public disclosure under the Freedom of Information Act, as defined in  
196 section 1-200 of the general statutes. The commissioner shall not  
197 disclose such information and data in a manner that would enable a  
198 third party to identify an individual drug, therapeutic class of drugs or  
199 pharmaceutical manufacturer, or that is likely to compromise the  
200 financial, competitive or proprietary nature of such information and

201 data.

390 available for public inspection, and the office shall withhold such  
391 information and data from public disclosure under the Freedom of  
392 Information Act, as defined in section 1-200. The office shall not  
393 disclose such information and data in a manner (1) that is likely to
