AN ACT CONCERNING CONNECTICUT’S RESPONSE TO FEDERAL TAX REFORM.

Be it enacted by the Senate and House of Representatives in General Assembly convened:

Section 1. (NEW) (Effective from passage and applicable to taxable years commencing on or after January 1, 2018) (a) As used in this section and section 2 of this act:

(1) "Partnership" has the same meaning as provided in Section 7701(a)(2) of the Internal Revenue Code, as defined in section 12-213 of the general statutes, and regulations adopted thereunder. "Partnership" includes a limited liability company that is treated as a partnership for federal income tax purposes;

(2) "S corporation" means a corporation that is treated as an S corporation for federal income tax purposes;

(3) "Affected business entity" means a partnership or S corporation, but does not include a publicly-traded partnership, as defined in Section 7704(b) of the Internal Revenue Code, that has agreed to file an annual return pursuant to section 12-726 of the general statutes reporting the name, address, Social Security number or federal employer identification number and such other information required by the Commissioner of Revenue Services of each unitholder whose distributive share of partnership income derived from or connected
with sources within this state was more than five hundred dollars;

(4) "Member" means (A) a shareholder of an S corporation, (B) a partner in (i) a general partnership, (ii) a limited partnership, or (iii) a limited liability partnership, or (C) a member of a limited liability company that is treated as a partnership for federal income tax purposes; and

(5) "Taxable year" means the taxable year of an affected business entity for federal income tax purposes.

(b) Each affected business entity that is required to file a return under the provisions of section 12-726 of the general statutes, as amended by this act, shall, on or before the fifteenth day of the third month following the close of each taxable year, pay to the commissioner a tax as determined under this section.

(c) The tax due under subsection (b) of this section shall equal (1) (A) the separately and nonseparately computed items, as described in Section 702(a) of the Internal Revenue Code, of the affected business entity, to the extent derived from or connected with sources within this state, as determined under the provisions of chapter 229 of the general statutes, (B) as increased or decreased by any modification described in section 12-701 of the general statutes, as amended by this act, that relates to an item of the affected business entity's income, gain, loss or deduction, to the extent derived from or connected with sources within this state, as determined under the provisions of chapter 229 of the general statutes, (2) multiplied by six and ninety-nine-hundredths per cent. If the amount calculated under subdivision (1) of this subsection results in a net loss, such net loss may be carried forward to succeeding taxable years until fully used.

(d) If an affected business entity, the lower-tier entity, is a member of another affected business entity, the upper-tier entity, the lower-tier entity shall, when calculating the amount under subdivision (1) of subsection (c) of this section, subtract its distributive share of income
or add its distributive share of loss from the upper-tier entity to the extent that the income or loss was derived from or connected with sources within this state.

(e) (1) A nonresident individual who is a member of an affected business entity shall not be required to file an income tax return under the provisions of chapter 229 of the general statutes for a taxable year if, for such taxable year, the only source of income derived from or connected with sources within this state for such member, or the member and the member's spouse if a joint federal income tax return is or shall be filed, is from one or more affected business entities and such affected business entity or entities file and pay the tax due under this section.

(2) The provisions of subdivision (1) of this subsection shall not apply to a nonresident individual who is a member of an affected business entity that elects to file its return on a combined basis under subsection (j) of this section if such nonresident individual member's tax under chapter 229 of the general statutes would not be fully satisfied by the credit allowed to such individual under subparagraph (A) of subdivision (1) of subsection (g) of this section.

(f) Each affected business entity shall report to each of its members, for each taxable year, such member's direct pro rata share of the tax imposed under this section on such affected business entity and indirect pro rata share of the tax imposed on any upper-tier entity of which such affected business entity is a member.

(g) (1) (A) Each person that is subject to the tax imposed under chapter 229 of the general statutes and is a member of an affected business entity shall be entitled to a credit against the tax imposed under said chapter, other than the tax imposed under section 12-707 of the general statutes. Such credit shall be in an amount equal to such person's direct and indirect pro rata share of the tax paid under this section by any affected business entity of which such person is a member multiplied by ninety-three and one-hundredths per cent. If
the amount of the credit allowed pursuant to this subdivision exceeds such person's tax liability for the tax imposed under said chapter, the commissioner shall treat such excess as an overpayment and, except as provided in section 12-739 or 12-742 of the general statutes, shall refund the amount of such excess, without interest, to such person.

(B) Each person that is subject to the tax imposed under chapter 229 of the general statutes and is a member of an affected business entity shall also be entitled to a credit against the tax imposed under said chapter, other than the tax imposed under section 12-707 of the general statutes, for such person's direct and indirect pro rata share of taxes paid to another state of the United States or the District of Columbia, on income of any affected business entity of which such person is a member that is derived therefrom, provided the taxes paid to another state of the United States or the District of Columbia results from a tax that the commissioner determines is substantially similar to the tax imposed under this section. Any such credit shall be calculated in the manner prescribed by the commissioner, which shall be consistent with the provisions of section 12-704 of the general statutes.

(2) Each company that is subject to the tax imposed under chapter 208 of the general statutes and is a member of an affected business entity shall be entitled to a credit against the tax imposed under said chapter. Such credit shall be in an amount equal to such company's direct and indirect pro rata share of the tax paid under this section by any affected business entity of which such company is a member multiplied by ninety-three and one-hundredths per cent. Such credit shall be applied after all other credits are applied and shall not be subject to the limits imposed under section 12-217zz of the general statutes. Any credit that is not used in the income year during which the affected business entity incurs the tax under this section shall be carried forward to each of the succeeding income years by the company until such credit is fully taken against the tax under chapter 208 of the general statutes.

(h) Upon the failure of any affected business entity to pay the tax
due under this section within thirty days of the due date, the provisions of section 12-35 of the general statutes shall apply with respect to the enforcement of this section and the collection of such tax. The warrant therein provided for shall be signed by the commissioner or an authorized agent of the commissioner. The amount of any such tax, penalty and interest shall be a lien, from the last day of the last month of the taxable year next preceding the due date of such tax until discharged by payment, against all real estate of the taxpayer within the state, and a certificate of such lien signed by the commissioner may be recorded in the office of the clerk of any town in which such real estate is situated, provided no such lien shall be effective as against any bona fide purchaser or qualified encumbrancer of any interest in any such property. When any tax with respect to which a lien has been recorded under the provisions of this section has been satisfied, the commissioner, upon request of any interested party, shall issue a certificate discharging such lien, which certificate shall be recorded in the same office in which the lien was recorded. Any action for the foreclosure of such lien shall be brought by the Attorney General in the name of the state in the superior court for the judicial district in which the property subject to such lien is situated, or, if such property is located in two or more judicial districts, in the superior court for any one such judicial district, and the court may limit the time for redemption or order the sale of such property or make such other or further decree as it judges equitable.

(i) If any tax is not paid when due as provided in this section, there shall be added to the amount of the tax interest at the rate of one percent per month or fraction thereof from the date the tax became due until it is paid.

(j) (1) Any affected business entity subject to tax under this section may elect to file a combined return together with one or more other commonly-owned affected business entities subject to tax under this section. Each affected business entity making such election shall submit written notice of such election to file a combined return,
including the written consent of the other commonly-owned affected
business entities to such election, to the commissioner not later than
the due date, or if an extension of time to file has been requested and
granted, the extended due date, of the returns due from such entities.
An affected business entity shall submit such written notice and
consent for each taxable year such entity makes the election under this
subdivision. Each affected business entity electing to file a combined
return under this subdivision shall be jointly and severally liable for
the tax due under this section. For the purposes of this subdivision,
"commonly-owned" means that more than eighty per cent of the voting
control of an affected business entity is directly or indirectly owned by
a common owner or owners, either corporate or noncorporate.
Whether voting control is indirectly owned shall be determined in
accordance with Section 318 of the Internal Revenue Code.

(2) Except as provided in subdivision (5) of this subsection, affected
business entities that elect to file a combined return under subdivision
(1) of this subsection shall net the amounts each such entity calculates
under subdivision (1) of subsection (c) of this section after such
amounts are separately apportioned or allocated by each affected
business entity in accordance with this section.

(3) Affected business entities that elect to file a combined return
under subdivision (1) of this subsection shall report to the
commissioner the portion of the direct and indirect pro rata share of
the tax paid with the combined return that is allocated to each of their
members. Such report shall be filed with the combined return and the
allocation reported shall be irrevocable.

(4) The election made under this subsection shall not affect the
calculation of tax due under any other provision of the general statutes
other than with respect to the calculation of the credits under
subsection (g) of this section.

(5) Affected business entities that elect to file a combined return
under subdivision (1) of this subsection shall calculate their tax due in
accordance with subsection (c) of this section unless each such entity elects under subsection (k) of this section to calculate its tax due on the alternative basis under subsection (l) of this section. If such election is made, the affected business entities shall net their alternative tax bases instead of netting the amounts under subdivision (2) of this subsection.

(k) In lieu of calculating the tax due in accordance with subsection (c) of this section, any affected business entity may elect to calculate the tax due on the alternative basis under subsection (l) of this section. An affected business entity making such election shall submit to the commissioner written notice of such election not later than the due date, or if an extension of time to file has been requested and granted, the extended due date, of the return due from such entity. An affected business entity shall submit such written notice for each taxable year such entity makes the election under this subsection. The election made under this subsection shall not affect the calculation of tax due under any other provision of the general statutes other than with respect to the calculation of the credits under subsection (g) of this section.

(l) (1) The tax due from an affected business entity making the election under subsection (k) of this section shall be equal to six and ninety-nine-hundredths per cent multiplied by the alternative tax base. The alternative tax base shall be equal to the resident portion of unsourced income plus modified Connecticut source income.

(2) For the purposes of this subsection:

(A) "Resident portion of unsourced income" means unsourced income multiplied by a percentage equal to the sum of the ownership interests in the affected business entity owned by members who are residents of this state, as defined in section 12-701 of the general statutes, as amended by this act;

(B) "Unsourced income" means the separately and nonseparately computed items, as described in Section 702(a) of the Internal Revenue
Code, of the affected business entity, regardless of the location from
which such item is derived or connected, as increased or decreased by
any modification described in section 12-701 of the general statutes, as
amended by this act, that relates to an item of the affected business
entity's income, gain, loss or deduction, regardless of the location from
which such item is derived or connected, less (i) the amount
determined under subdivision (1) of subsection (c) of this section,
determined without regard to subdivision (d) of this section, and (ii) the
separately and nonseparately computed items, as described in Section
702(a) of the Internal Revenue Code, of the affected business entity, to
the extent derived from or connected with sources within another state
that has jurisdiction to subject the affected business entity to tax, as
determined under the provisions of chapter 229 of the general statutes,
as increased or decreased by any modification described in section 12-
701 of the general statutes, as amended by this act, to the extent
derived from or connected with sources within another state that has
jurisdiction to subject the affected business entity to tax, as determined
under the provisions of chapter 229 of the general statutes; and

(C) "Modified Connecticut source income" means the amount
calculated under subdivision (1) of subsection (c) of this section
multiplied by a percentage equal to the sum of the ownership interests
in the affected business entity owned by members that are (i) subject to
tax under chapter 229 of the general statutes, or (ii) affected business
entities to the extent such entities are directly or indirectly owned by
persons subject to tax under chapter 229 of the general statutes. A
member that is an affected business entity shall be presumed to be
directly or indirectly owned by persons subject to tax under chapter
229 of the general statutes unless the affected business entity subject to
tax under this section can establish otherwise by clear and convincing
evidence satisfactory to the commissioner.

(m) The provisions of sections 12-723, 12-725 and 12-728 to 12-737,
inclusive, of the general statutes shall apply to the provisions of this
section in the same manner and with the same force and effect as if the
language of said sections had been incorporated in full into this section
and had expressly referred to the tax under this section, except to the
extent that any such provision is inconsistent with a provision of this
section.

Sec. 2. (NEW) (Effective from passage and applicable to taxable years
commencing on or after January 1, 2018) (a) As used in this section,
"required annual payment" means the lesser of (1) ninety per cent of
the tax under section 1 of this act that is reported on the return filed for
the taxable year or, if no return is filed, ninety per cent of the tax due
under section 1 of this act, or (2) if the preceding taxable year was a
taxable year of twelve months and the affected business entity filed a
return for such taxable year, one hundred per cent of the tax under
section 1 of this act that is reported on such return.

(b) (1) Each affected business entity required to pay the tax imposed
under section 1 of this act shall make the required annual payment
each taxable year, in four required estimated tax installments on the
following due dates: (A) For the first required installment, the fifteenth
day of the fourth month of the taxable year; (B) for the second required
installment, the fifteenth day of the sixth month of the taxable year; (C)
for the third required installment, the fifteenth day of the ninth month
of the taxable year, and (D) for the fourth required installment, the
fifteenth day of the first month of the next succeeding taxable year. An
affected business entity may elect to pay any required installment prior
to the specified due date. Except as provided in subdivision (2) of this
subsection, the amount of each required installment shall be twenty-
five per cent of the required annual payment.

(2) (A) For any required installment, if the affected business entity
establishes that its annualized income installment calculated pursuant
to subparagraph (B) of this subdivision is less than the amount
determined under subsection (a) of this section, the amount of such
required installment shall be the annualized income installment. Any
reduction in a required installment resulting pursuant to this
subdivision shall be recaptured by increasing the amount of the next
required installment by the amount of such reduction and by
increasing subsequent required installments to the extent such
reduction has not previously been recaptured under this subdivision.

(B) The annualized income installment is the amount by which (i)
the amount equal to the applicable percentage, as set forth in
subparagraph (C) of this subdivision, multiplied by the tax imposed
under section 1 of this act for the taxable year that would be due if
income subject to tax under said section for the months in the taxable
year ending before the due date of the installment was annualized, (ii)
exceeds the aggregate amount of any prior required installments for
the taxable year.

(C) For the purposes of subparagraph (B) of this subdivision, the
applicable percentages shall be as follows: (i) For the first required
installment, twenty-two and one-half per cent; (ii) for the second
required installment, forty-five per cent; (iii) for the third required
installment, sixty-seven and one-half per cent; and (iv) for the fourth
required installment, ninety per cent.

(c) (1) Except as otherwise provided in this section, in the case of
any underpayment of estimated tax by an affected business entity,
there shall be added to the tax imposed under section 1 of this act an
amount determined by applying interest (A) at the rate of one per cent
per month or fraction thereof, (B) to the amount of the underpayment,
(C) for the period of the underpayment.

(2) For the purposes of subdivision (1) of this subsection, (A) the
amount of the underpayment is the amount by which the required
installment exceeds the amount, if any, of the installment paid on or
before the due date of the installment, and (B) the period of the
underpayment runs from the due date of the installment to whichever
date is earlier: (i) The fifteenth day of the third month of the next
succeeding taxable year, or (ii) with respect to any portion of the
underpayment, the date on which such portion is paid. Any payment
of estimated tax under this section shall be credited against unpaid or
underpaid required installments in the order in which such installments are required to be paid.

(d) Payment of the estimated tax under this section or any required installment thereof shall be considered payment on account of the tax imposed under section 1 of this act for the taxable year.

(e) For taxable years of less than twelve months, the provisions of this section shall apply in a manner consistent with the regulations adopted under chapter 229 of the general statutes pertaining to such taxable years.

Sec. 3. Subdivision (1) of subsection (b) of section 12-719 of the 2018 supplement to the general statutes is repealed and the following is substituted in lieu thereof (Effective from passage):
