**Testimony of the Judicial Branch
Transportation Committee Public Hearing
March 14, 2018**

**S.B. 388, An Act Establishing a Pilot Program for Speed Detecting Cameras
and Concerning Speed Warning Signs**

Thank you for the opportunity to provide written testimony on behalf of the Judicial Branch regarding *S.B. 388, An Act Establishing a Pilot Program for Speed Detecting Cameras and Concerning Speed Warning Signs*. The Branch has a concern with this proposal as drafted.

The bill does not include language that specifies what would occur when an individual's license plate is captured on camera. If the intent is to issue a ticket based upon an image captured by the camera, then those specifics should be detailed in the legislation. Should the Committee decide to move forward with this bill, we would suggest that you consider Sec. 14-279b as an example of how to incorporate such details.

Thank you for your time and attention to this matter. We would be happy to discuss this issue further at your request.
