

Honorable Senator Miner, Senator Kennedy, Representative Demicco and distinguished members of the Environmental Committee,

I am writing to urge you to permanently ban toxic radioactive fracking waste in the State of CT.

I am a registered Republican voter in Fairfield County and I am very concerned about the health effects and environmental costs of fracking waste. There is no place in CT for fracking. Public opinion as demonstrated in turn out, editorials and numerous local ordinances banning fracking waste attest to this fact.

Please safeguard the environment by permanently banning fracking waste in the State of CT. Our waterways, land and the health and well-being of our public economy demand it.

Thank you for reading this letter and for your action on this matter.

Sincerely,

Scott Schweizer
