Testimony in support of S.B. 105

AN ACT ENSURING CONTINUING WATER SERVICE FOR CERTAIN MUNICIPALITIES

Co-Chairs Kennedy, Miner, and Demicco; Vice Chairs Flexer, Somers, and Gresko; Ranking Member Harding; and distinguished members of the Environment Committee:

Thank you for allowing us to submit testimony in support of S.B. 105: An Act Ensuring Continuing Water Service for Certain Municipalities.

This bill would ensure that adequate water service is available to the town of Durham for the purposes of the Durham Fair. The Durham Fair is one of the largest and oldest agricultural fairs in New England, and draws thousands of attendees from around the region. As such, Durham requires as much as one hundred thousand gallons of water per day for the duration of the fair.

We encourage passage of this legislation so that the Durham Fair can operate smoothly and in an environmentally safe manner. Thank you for the opportunity to testify today and we are happy to take any questions from the committee.

Thank you,
