Subject Heading: OPPOSE RAISED SB427: AN ACT CONCERNING THE PUBLIC TRUST COMPONENTS OF THE STATE WATER PLAN

My name is Wally Bzenas, a resident of West Hartford. I live a few hundred yards distant from Reservoir Number 1 and oppose the proposed changing the language concerning the public trust components of the state water plan.

What is the benefit of the proposed change for me, you and the population of the state?

Please show my concern by opposing the change and send all the information you can to me.

Wally Bzenas
