

I used to be democrats but no longer. When will it occur to the democrats that raising taxes over and over and over and over is killing the state. Companies leaving or closing, people we talk to are leaving or wish they could leave. We are being taxes into the poor house. Any family, in any state, in the entire USA cannot continue to over spend every year piling debt upon debt into the billions and get away with it but that is exactly what the democrats do on a daily basis. Our children and grandchildren will be laboring under this mountain of debt for GOD knows how many years. Please VOTE THIS BILL # 10 down and stop overspending !!!!!!! I will try to help by getting as many democrats as possible to become fiscally responsible republicans. Again VOTE NO on senate bill @10 Ed Banach
