AN ACT CONCERNING CONNECTICUT'S ENERGY FUTURE. AMENDMENT

LCO No.: 5873

File Copy No.: 460

House Calendar No.: 557

Senate Calendar No.: 283

OFA Fiscal Note

See Fiscal Note Details

The amendment removes a provision that requires the Public Utilities Regulatory Authority (PURA) to establish the period of time that will be used to calculate the net amount of energy produced by a facility that is not consumed. This eliminates potential costs identified in the underlying fiscal note to PURA and the Office of Consumer Counsel of up to \$100,000 in FY 19 or FY 20 for consultants.

The amendment also alters programs for residential customers. As such, these provisions are not anticipated to result in a fiscal impact to the state or municipalities as ratepayers.

The preceding Fiscal Impact statement is prepared for the benefit of the members of the General Assembly, solely for the purposes of information, summarization and explanation and does not represent the intent of the General Assembly or either chamber thereof for any purpose. In general, fiscal impacts are based upon a variety of informational sources, including the analyst's professional knowledge. Whenever applicable, agency data is consulted as part of the analysis, however final products do not necessarily reflect an assessment from any specific department.
