**Municipal Impact:** None

**Explanation**

Section 502 of the amendment results in no net fiscal impact as it waives a $50 fee paid by private providers that is subsequently reimbursed by the state. It allows the Department of Developmental Services (DDS) to waive a $50 licensing fee charged to private providers of group homes. These fees, totaling less than $20,000 annually, are collected by DDS and deposited in the General Fund. To the extent that all fees are waived as a result of the bill, there would be a revenue loss of less than $20,000 to the General Fund. However, there would also be an offsetting savings of less than $20,000 to the Community Residential Services program (funded in the Department of Social Services) since group home providers would no longer claim the $50 application fee as an allowable cost.
The amendment makes other technical and clarifying changes that have no fiscal impact.
