To: Subst. Senate Bill No. 9

File No. 460

Cal. No. 557

(As Amended by Senate Amendment Schedule "B")

"AN ACT CONCERNING CONNECTICUT'S ENERGY FUTURE."

1 Strike subparagraph (A) of subdivision (1) of subsection (c) of
2 section 7 in its entirety and insert the following in lieu thereof:

3 "(c) (1) (A) The aggregate total megawatts available to all customers
4 utilizing a procurement and tariff offered by electric distribution
5 companies pursuant to subsection (a) of this section shall be up to one
6 hundred seventy megawatts in year one and increase by up to an
7 additional one hundred seventy megawatts per year in each of the
8 years two through six of such a tariff, provided the total megawatts
9 available to customers eligible under subparagraph (A) of subdivision
10 (2) of subsection (a) of this section shall not exceed twenty megawatts

11 per year, the total megawatts available to customers eligible under
12 subparagraph (B) of subdivision (2) of subsection (a) of this section
13 shall not exceed one hundred megawatts per year and the total
14 megawatts available to customers eligible under subparagraph (C) of
15 subdivision (2) of subsection (a) of this section shall not exceed fifty
16 megawatts per year. The authority shall monitor the competitiveness
17 of any procurements authorized pursuant to subsection (a) of this
18 section and may adjust the annual purchase amount established in this
19 subsection or other procurement parameters to maintain
20 competitiveness. Any megawatts not allocated in any given year shall
21 not roll into the next year's available megawatts. The obligation to
22 purchase energy and renewable energy certificates shall be
23 apportioned to electric distribution companies based on their
24 respective distribution system loads, as determined by the authority."
