

This bill should NOT be enacted, it is an obvious attempt by the forces of evil (abortion mills) to shut down pregnancy resource centers which save lives instead of ending them.

HB 5416 fails in five key ways:

- There is no substantial evidence that clients seeking services at CT Pregnancy centers have been or are currently being deceived by their advertising.
- The bill offers no specifics on what language is considered deceptive yet it forces pregnancy centers to pay for 'corrective advertising' if their ads are deemed deceptive. It would, in essence, put pro-abortionists in charge of deciding what is acceptable advertising for pro-lifers.
- The bill denies the fact that pregnancy centers already make it clear they don't perform or refer for abortions.
- The bill assumes that pregnant women and their partners seeking information on making a pregnancy decision are not interested in other options and abortion alternatives.
- The bill is part of a larger nationwide campaign by pro-abortion organizations to discredit the work of pregnancy centers who they view as competitors.

America will be great again only when the evil of abortion is over.
