

Kind Sir/Madam,

My wife and I live in Ohio with our 5 children and we know how vital supporting and encouraging expecting mothers is in our society. Although we are over 700 miles away from your lovely state we are deeply connected with those advocates of the pro-life pregnancy resource centers in your area.

Therefore, we respectfully implore you to vote against H.B. 5416 "An Act Concerning Deceptive Advertising Practices of Limited Services Pregnancy Centers". This legislation is currently being considered by the Public Health Committee. The legislation is aimed at controlling the advertising of pro-life pregnancy resource centers in Connecticut. The need for this legislation is based on misleading information generated by its proponents, NARAL CT and Planned Parenthood. Pregnancy resource centers in your state help thousands of women every year in our state without any government funding. Please help stop the attack on these centers in Connecticut and vote "No" on this bill if it comes before you for consideration.

There is great work being done in Connecticut and we encourage and appeal to your intellectual reason and the heart of your conscience.

Sincerely,  
Allan Cruz
