

I, Kevin Marr, strongly urge that the State of Connecticut General Assembly, to reject the 'Raised Bill No. 5416'. I ask that it be voted against due to its unfair targeting of pregnancy centers. First, it is unnecessary because false advertising laws already exist and apply to pregnancy centers. If the CPC's are already breaking the law in this area then the proper judicial action is warranted not further regulations. Second, I believe pregnancy centers are important in advocating for the protection of human life. Furthermore, the right to speak about the value of an un-born baby should be a protected right regardless.
