

I strongly oppose bill 5416 regarding deceptive advertising etc.

I have worked with Hope Pregnancy Center for over one year.

They are not only a delight to work with, but have been transparent in all our dealings.

Nor are they greedy in any way.

I interviewed the agency on Cox Public Access TV this winter. Perhaps you wish me to send you the interview? Dave Smith of Cox was present

and Keith Brilliant their PR Director gave an honest fair and accurate presentation of their services.

I work with Therese their Executive Director and have worked with several of their staff.

In no way are they deceptive, on the contrary they are outstanding in every way. If you any questions please feel free to contact me.
