

To Whom It may Concern:

Since 1994 I have been affiliated with ABC Women's Center in Middletown. Before moving to CT I was a Client Services Director at a pregnancy care center in Latham, NY, so I am very familiar with how these centers work. I have served on the board of ABC for six years, volunteered in many capacities and been the chair of the Search committee for a new director. I have known each director since 1994 personally. There is no deceptive advertising regarding the focus of the center which entails giving information to clients, serving them with ultrasounds and pregnancy tests, and giving material assistance in the way of diapers, clothing, baby equipment, etc. There is never a charge to the client. Having served many clients as a counselor at the center in Latham NY I can attest that these women in an unexpected pregnancy need true and accurate information about their options and abortion procedures...and what to expect afterwards. This center plays a vital role in our community. Please feel free to ask any questions you have of me. Sincerely,

Sherry M. Poff, Avon, CT
