

To the Members of the Connecticut State Legislature –

My name is John Rankin, a resident of Simsbury, and I ask you to VOTE NO on HB 5416.

At a level prior to the debate over religious liberty and charitable work done by Pregnancy Resource Centers in Connecticut, such as ABC Woman’s Center in Middletown:

I have two simple questions, and I am interested in your understanding.

1. Is there a discrete biological origin to individual human life?
2. To what degree does male irresponsibility drive women to “choose” an abortion?

Thank you, and sincerely.

John C. Rankin
