

Connecticut Raised Bill No. 5417 of 2018

The last time we saw this phrase “communicating through a person familiar with a patient’s manner of communicating;” was last year’s initiative in South Dakota. Not in Colorado but in California and they deleted it, then before that in Montana 2015. This eviscerates all the other safeguards in one breath.

Page 9 (c) immunity for predatory corporations and persons.

Then the fact that they used “bait and switch” tactics mentioning “self administered” 14 times to deflect ordinary scrutiny 14 times.

There is no witness to confirm our choice of self administration. This broken promise assures the choices of the predatory corporations while putting our choices in jeopardy, be sure of that.
