February 25, 2019

Dear Committee Members,

I became homeless after severe financial difficulties combined with a period of unemployment. I thank God for the FISH Shelter in Torrington because it has not only provided me with the necessities of living, but it is also operated like a "home" and has friendly staff.

Healthy meals are provided every day and we also receive a variety of fresh cakes and donated snack items (fresh vegetables, etc.)

Assistance from FISH has made it possible for me to find work and regain the ability to pay rent and bills on my own. I hope I find my own housing very soon and will always be grateful to the FISH Shelter for their life-changing support during a time of crisis in my life.

Sincerely,

John Corda
