

Bill 457 and Bill 738

My name is Jane Allyn and I live in New Hartford, CT. I absolutely oppose forced regionalization of school districts with fewer than 2000 students. I also opposed consolidating towns with a population of fewer than 40,000 to form new school districts. I choose to live in the northwest corner of CT because of the small towns and the sense of community we have, driven in large part by our smaller schools. Forced regionalization will have far reaching impacts beyond the schools that will take away from what we love in our small towns.

Please do not approve these bills.

Thank you,
Jane Allyn
