

To whom it may concern;

My apologies for not including as a word document, my computer is having some issues and I did not want to neglect sending you my thoughts on this issue.

My husband and I are writing to plead that you vote NO to regionalizing Connecticut's school system. We are parents of young students and we oppose SB 738, SB 457, and SB 874, along with any other proposed bill suggesting regionalization of public schools. When moving out of NYC, we ultimately chose Connecticut, and New Canaan in particular based on the school system. Regionalization will not improve school quality.

Should this sort of legislation be approved we would strongly consider leaving Connecticut. We also assume regionalization would dissuade many others from moving to the many lovely towns in Connecticut. Please vote NO for this legislation as it does not prioritize our children.
