

As a 15 year resident of New Canaan, CT, who moved here specifically for the strong public schools, I STRONGLY oppose SB 738, SB 457 and SB874 and any other bill that opens the door to forced regionalization of CT public schools? Put simply, why would you take one of the few things not broken, that actually draws people TO the state, and try to change it?

WE NEED PEOPLE TO WANT TO MOVE TO OUR STATE AND THIS WOULD DRIVE US AWAY, AS WELL AS DISCOURAGE OTHERS FORM COMING!!!

BTW, you need us because WE PAY TAXES!!!! This bill has me feeling USED once again as a piggy bank for the rest of CT!

LEAVE OUR SCHOOLS ALONE!!!!!!! We've worked hard and continue to work hard and this will simply be the last straw for anyone considering buying a home in this part of the state, further driving down real estate prices and tax revenues.....How do you all not see this!!??
