

Bill 457 and Bill 789

To whom it may concern,

I will not be able to attend the public hearing on March 1st but I would like to voice my opinion on school regionalization.

I am very much opposed to these bill!

People and businesses are leaving the state because of the high taxes and the values of our homes and businesses are declining. Regionalizing schools will certainly give more people reason to leave this state. Connecticut used to be a wealthy state. People and businesses wanted to locate her because the taxes were low and we had nice small towns with great schools.

Are legislators are destroying this lovely state.
