To CT Legislature:

I am writing to tell my politicians that I am against regionalizing the school districts.

I'm going to keep this short and simple. I live in Easton CT and we have a small district. We live in this town because its a small town with decisions being made on the local level. Whats the point if decisions would be made on a larger regional level? We live in towns in CT because of the education our kids receive.

This is not how to save money. This will have a very negative impact on the towns not a positive one.

Sincerely

Jeff Borofsky - Easton CT
